CPP Safer Return Guidelines for Spring 2024

Cal Poly Pomona's Safer Return guidelines for COVID-19. Our campus is located in Los Angeles County and we adhere to applicable county, state and CSU protocols.

What If I Test Positive?

Individuals who have symptoms: If you have tested positive for COVID-19 and have symptoms, you are **not required to isolate**. **If you have a fever, however, stay home and do not come to campus**. You can return to campus after you have been fever-free for 24 hours without using fever-reducing medication and if other symptoms are mild and improving. In addition, you must wear a mask for 10 days since the onset of your symptoms or the date of your positive test. You must also report your positive test using the [Safer Return COVID-19 Self-Reporting Form](#)

Individuals with no symptoms: If you have tested positive for COVID-19 but do not have symptoms, you are **not required to isolate**. You must wear a well-fitting, high-quality mask whenever around others for 10 days following your positive test date. You must also report your positive test using the [Safer Return COVID-19 Self-Reporting Form](#)

What If I Have a Close Contact?

If you have close contact with someone with COVID-19, you may continue to come to campus as long as you are symptom-free. To prevent the risk of spreading COVID-19, the [LA County Public Health](#)

[Department](#) advises that you wear a mask and take a COVID-19 test. If you test positive, [report your case and follow the isolation instructions](#).

For future updates or questions regarding COVID-19 campus guidelines visit Cal Poly Pomona's [Safer Return website](#).

Bicycle Reminders & Security Tips

Protect Your Bike: Register your bike with UPD & Sign Up for the UHS bike storage.

Register your bike with UPD here: [CPP Online Bike Registration Form](#)

Cal Poly Pomona is committed to supporting the needs of cyclists on campus. Bicycle security is a priority for Cal Poly Pomona, and there are several measures you can take to prevent bicycle theft. By adhering to following the guidelines, you can optimize the security of your bicycle.

1. **Use Designated Bike Racks:** Avoid theft by utilizing permanent, fixed anchored bike racks located around campus. Refrain from securing your bike to small trees, handrails, posts, benches or chain-link fences. You can find a map of designated bike rack locations [\[here\]](#)(insert link).

2. **Always Lock Your Bike:** Whether you are storing your bike in a garage, residence hall room, apartment, or briefly leaving it unattended, utilizing a lock is imperative.
3. **Choose a U-Shaped High-Security Lock:** Opt for a good quality, sturdy U-lock for enhanced protection, as lightweight cable or chain locks may not provide sufficient security and can be easily cut. For added security, consider using both types of locks.
4. **Properly Attached and Secure the Lock:** Maximize security by positioning your bike frame and wheels to occupy as much open space within the U-portion of the lock as possible. A tighter lock-up makes it more challenging for thieves to use a pry bar and open the lock.
5. **Secure Components and Accessories:** Pay special attention to components that can be easily removed, such as quick-release wheels or seats. Bike shops offer security devices for added protection.

In the event of bicycle theft on campus, report the incident promptly to the Cal Poly Pomona Police Department at (909) 869-3070.

Bicycle Registration:

Registering your bicycle at Cal Poly Pomona is a crucial step in safeguarding your bike, identifying your bike, and deterring theft. The following are benefits to registering your bike:

1. **Deterrent to Theft:** Having your bike's serial number on file makes it more challenging for thieves to resell.
2. **Proof of Ownership:** In case you forget your lock combination or lose your key, having your bike registered serves as proof of ownership when requesting for a bike lock removal. CPP UPD will be unable to cut a bicycle lock unless ownership can be proven.
3. **Recovery if Stolen:** In the unfortunate event of loss or theft, registered bikes have a higher likelihood of being returned if located.

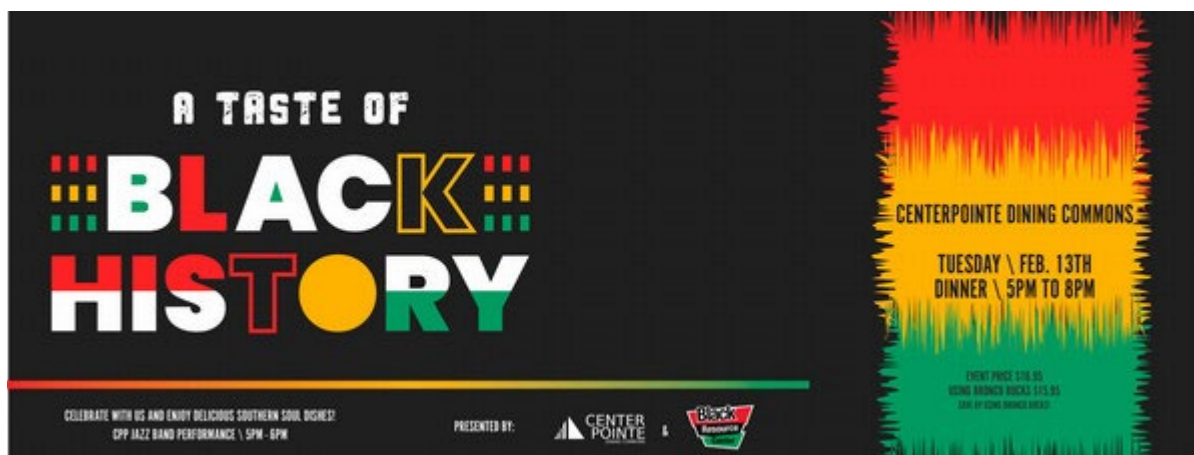

UHS Bike Storage:

UHS Bike Storage is located on the exterior of Sicomoro Hall (Building 73) and Secoya Hall (Building 74). Submission of form does not guarantee Bike Storage Access. Due to space limitations, students will be chosen through a random lottery. Selected residents will be notified via CPP Email. Bike Storage is for Residence Hall and Suites Students Only.
